Committee of the Whole Amendment No. 3
Proposal No. 2018-62
Lilac

November 6, 2018

To: Councilmembers

From: Councilmembers Derek Young and Dan Roach

Hearing Date: November 9, 2018

Subject: Proposal No. 2018-62 (Requesting Certain County Departments, Boards and Commissions to Take Certain Actions) – Transportation Related Studies

---

The following amendment requires the Planning and Public Works Department to complete certain transportation related studies in 2019. The amendment is as follows:

1. On page 1 of the Proposal, line 26, insert the following new Sections and renumber the remaining Section(s) accordingly:

   "Section x. The Planning and Public Works Department is requested to complete a sidewalk feasibility study for Peacock Hill Avenue NW from Borgen Boulevard to 144th Street NW. The feasibility study should include the preparation of planning level cost estimates for sidewalks on at least one side of the roadway. The Department is requested to submit the study to the Council no later than July 1, 2019.

   Section x. The Planning and Public Works Department is requested to complete a study of the 214 Avenue East/218th Avenue/12th Street East corridor from SR410 to the corporate limits of the City of Auburn. The study is requested to include an examination of daily traffic volumes, turning movements and delay at intersections within the corridor, and an overall assessment of traffic conditions within the corridor. The study is also requested to identify all future transportation improvements planned for the corridor as well as other potential improvements that may be beneficial in improving operating conditions with an emphasis on intersection operations. The Department is requested to submit the study to the Council no later than October 1, 2019."
