# INDUSTRY NOTICE

## Planning & Public Works

## Shoreline Code Updates

The Pierce County Development Center is anticipating a possible rush of applications in consideration of the [Shoreline Management Plan update](#).

The County Council adopted the final Shoreline Master Plan on **October 2, 2018** and will be sending it to the County Executive for signature. Prior to the new regulations taking

effect, the Department of Ecology reviews the Plan and, if acceptable, issues a Final Action.

The new regulations will go into effect **14 days after Ecology issues the Final Action**. It is anticipated Ecology will issue the Final Action soon, but the exact date is not known.

A final reminder will be sent when the effective date is known.

### Submit your requests soon

If you are concerned about getting your application vested prior to the change, you should submit your request as soon as possible.

Submit your request electronically at [piercecounitywa.gov/pals](http://piercecounitywa.gov/pals) or apply in person at the Development Center with a complete application and required fees.

#### Please note:

- Applications submitted electronically through the PALS website less than 4 days prior to the effective date **MAY NOT** be processed in time to vest to current regulations.
- Applications are reviewed for the regulations in effect on the day of the application is accepted required fees are paid.
- Vesting of the application will be in accordance with [PCC 18.160](#)

Sincerely,

Dennis Hanberg  
Director  
Pierce County Planning and Public Works
