Meeting 4	The Path Forward	Through interactive exercises and discussions, Mayors choose how they would like to continue collaborating to move this issue forward

This meeting series was crafted to provide Pierce County Leaders with an in-depth understanding of their local housing markets, developer needs, and what might be possible in collaboration with their peers before making a decision on how Pierce County Elected Officials would like to continue collaborating to move this issue forward.

The series strategically allows leaders to align their plans for the future with State Legislative Session; local budget cycles; and the new 5-year Consolidated Plans that will need to be submitted to HUD by Pierce County, Lakewood, and Tacoma for 2020-2024. (Consolidated Plans provide a five-year framework for addressing housing, human services, community, and economic development needs and are required to apply for various HUD grant funding opportunities.)
